

Daily Reading

Please make sure that your child keeps reading! This is a great opportunity to read some good books. Why not take the time to read too!

Keep practising the Year 1 common exception words in the back of reading diaries, we need to read them quickly by sight and then learn to spell them too.

Daily Phonics

We need to know the RWI phonics sounds, these are in the back of our reading diaries too. We need to recognise them quickly, find them in words and use them when spelling words.

Here is a useful website for great phonics games, they are making access free during the next few weeks, so make the most of it. <https://www.phonicsplay.co.uk>

Writing

Whenever you write you need to try and remember these...

ABC	fsp	I can think of my own sentence as say it out loud.
. ! ?	C-a-t	I can use: and so because

Write a postcard to a family member as if you were a tourist visiting Bob on the Moon, remember to tell your family what you have seen and what Bob has told you about the Moon, try using some of our fabulous words like, somersaults, tourists, entertain, souvenirs, perform and occasionally.

Invent a new planet for Bob to visit. Describe where it is and what it looks like.

History & Geography

Find out about Neil Armstrong and his life. Record key facts to create a leaflet. e.g. When and where was he born? What did he do before he was an astronaut? Why is he so famous? What is the most famous thing Armstrong ever said? When did he die and how old was he?

Watch a clip of the first Moon landing <https://www.youtube.com/watch?v=cwZb2mqld0A>

Find out who was on the mission? What was the name of their space craft? Who walked on the Moon? How do we know they were on the Moon? How do you think Neil Armstrong felt as he walked on the Moon for the first time?

PE

Remember to get some physical activity every day.

Change4Life [Change For Life](#)

Dear Families,

Here is an overview of tasks we would like the children to have a go at home over the next week and a half. I will add daily maths and writing tasks via Dojo for your child to complete. We are committed to ensuring that your child is still learning as much as possible and will do our very best to keep this happening. We will be communicating with you via Dojo as much as possible during this time.

All the best,

Mrs Bray

My Logins

Mathletics: <https://login.mathletics.com/>

I will send these individually via dojo

Phonics play: <https://www.phonicsplay.co.uk>

Username: march20

Password: home

Oddizzi: <https://www.oddizzi.com/>

Username: thrumpton1

Password: thrumpton1

Please keep in touch and send photos of what you are up to over Dojo!

Maths

Daily Arithmetic

Spend at least 20 minutes a day on **Mathletics**.

Play **Hit the button**, number bonds, doubles and halves <https://www.topmarks.co.uk/maths-games/hit-the-button>

Practise writing numbers and number words to 50.

Newsround

<https://www.bbc.co.uk/newsround>

Talk about what you have seen with your family.

Art & Design / Design & Technology

If you haven't already done this for homework, **design and make** a space rocket out of junk. Talk about the different 3D shapes you have used in your model eg cylinder, cone, sphere, cube or cuboid. If you want to get really creative paper mache your model (flour and water and newspaper will do for this). Then paint your model to finish it off really well. Finally, you could **evaluate** your rocket – what went well? What would you do differently next time? How could you improve your model?

Look at Van Gogh's Starry Night painting. Find out all you can about Van Gogh. Van Gogh liked using bright colours and very thick paint. Can you try and recreate his painting?

Computing

Try to log onto Mathletics and other educational games as independently as possible.

Can you make a pic- collage of something you have done at home and share it on Dojo.

Write a sentence or two to tell me what you have been doing by typing text into Dojo as independently as possible.

Science

Developing experts lesson available on line: Understand why materials are chosen for a specific task.

Music

Find and learn space songs from the internet
